

Leatherhead & District Angling Society

Thank you for your interest in the Leatherhead and District Angling Society, LDAS for short.

Hopefully you have read all the relative information on our website about our Waters, Benefits and Matches, and are now ready to sign-up.

But, just before that, here is a recap of what you get when you join the LDAS;

- Two fisheries that are open all year round – Bookham and Ashtead
- Easy access to all our ponds at Bookham for the disabled
- Tuition for beginners from our resident Junior Officer
- Catch a wide selection of species; carp (all types) , bream, perch, roach, tench and (pike at Ashtead)
- All venues monitored by our team of Bailiffs to check you have the right tackle and you are a member.
- Our venues regularly maintained by 'work parties' to keep clean and safe.
- Concessions to Willinghurst fisheries – TWO free visits and 50% off thereafter, and massive reduction to Moore House Farm.
- Friendly matches throughout the year on our waters, and to other fisheries in Surrey.
- Yearly Parent/Junior Match at Long Copse – Trophy for the winning pair.
- All-round safe environment for all the family.

So, if this all sounds good, you can complete an Application Form to post or give to a Bailiff, or choose to pay online from here: [BACS or CARD PAYMENTS HERE](#)

Some items to mention from our Rules - please ensure to note the following;

- All members **MUST** have, a landing net and unhooking mat.
- Juniors under 12 must be accompanied by an adult
- Membership Card must be carried at all times with photo i.d and EA number.
- Only use barbless hooks
- Floating bait and bread are not allowed at Long Copse
- Only ONE rod per member can be used at Long Copse

And finally, all new members receive a **FREE** LDAS Box Sticker (one per member/family), and are entered into a monthly draw to win a metal LDAS pin badge.

We look forward to welcoming you to the LDAS, and trust you will enjoy fishing our venues.

If you have any questions before joining, please contact me.

Tight lines
